

Fused Quartz/Silica Ferrules and Sleeves

THE PERFECT MATCH

The Fused Quartz Solution for Ferrules and Sleeves

Thermal expansion coefficient and hardness: *closely match fiber properties*

Higher strength and purity: *resists splitting, chipping and cracking for improved UV curing*

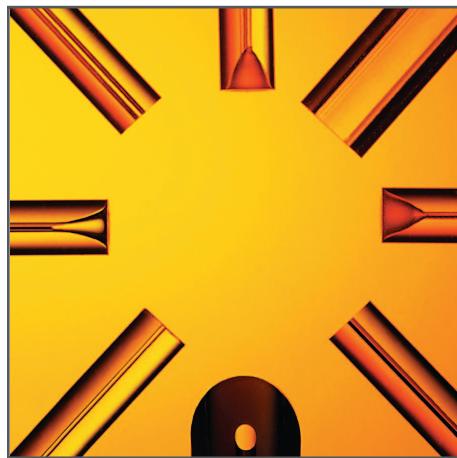

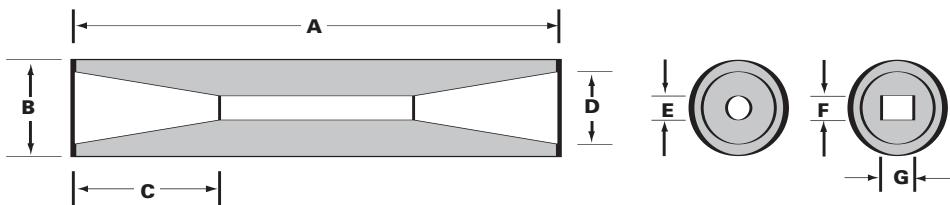

Smooth, consistent precision ferrules *easy insertion and alignment*

Variety of complex configurations: round bore, rectangular, sleeves, flow cells, end caps

Excellent epoxy cure and bond

Pigtail assemblies: *custom cabling to meet your specifications*

Custom sizes and configurations available
