## PAUL CHAFFIN

Senior Vice President and  
President, Medical &  
Pharma Solutions Division,  
Molex

### BIOGRAPHY

As Senior Vice President and President of the Medical & Pharma Solutions Division, Paul Chaffin leads a team of over 7,000 employees, spread across 36 facilities in 11 countries.

Paul is focused on helping Molex be the preferred partner of choice for global customers who create products that help people live healthier, more productive lives. Since joining Molex in May 2020, Paul has worked with the MPS Leadership team to develop the Division's five-year strategic plan, including a number of strategic growth bets that will help drive sustained growth and improved returns.

Paul has nearly 30 years of experience designing, developing, and managing global businesses across multiple industries, including healthcare, life sciences, and consumer products. Prior to joining Molex, Paul spent 16 years at Ecolab, where he led their global healthcare and life science business, growing the business from \$100 million to nearly \$1 billion with customers across 90 countries.

Paul has also served on the board of directors for the Medical Alley Association, the Joint Commission's Center for Transforming Healthcare, and several private companies in the financial services and datacom industries.

Paul earned a Bachelor of Arts degree and a Master's in Business Administration from the University of Michigan. He and his wife reside in the Twin Cities area with their two children.
