- As part of our ongoing efforts to standardize and simplify our procurement processes globally, we are introducing a **single Standard Global Purchase Order (PO) template** across all regions to provide a more consistent experience.
- Already live and successfully in use across several regions, it will now be rolled out worldwide.

What is changing?

- A **single standardized Purchase Order template** will replace the multiple regional PO formats.
- The **layout and presentation** have been standardized with updated compliance requirements. The Purchasing information will remain same.
- This change is designed to improve consistency, simplify PO processing, and enhance the supplier experience.

New Feature – Purchase Order Change Indicators

- The global PO template also includes **change indicators** to help you quickly identify updates made to a Purchase Order.
- If any Purchase Order field has been modified, the template will clearly indicate which field(s) have changed
- The change indicator highlights the updated field name only. To know the details of changes, verify the Purchase order in Supplier Portal (SCC).
- The change Purchase Order will have only the information of specific changed PO line item.
- If you like to review complete Purchase Order details, verify the PO screen in Supplier portal (SCC) or contact your **respective Buyer**.

Go-Live Date :

For China, Japan and Korea - **October 12, 2026**

For Thailand and PMC Entities - **October 19, 2026**

From the applicable regional go-live date, **Purchase Orders will be issued in the Standard Global PO Template.**
